

DUAL HANDRAIL CLEANING SYSTEM

BENEFITS

- Clean and condition the dirtiest escalator handrails (bacteria, viruses).
- Easy to use.
- Relies on the power of the escalator. No electricity needed.
- Facilitates the cleaning action.
- Minimum space requirement. Can even be used in the presence of the public.

USE

Highly mobile, compact dolly configuration can stand alone, or be combined with other units to cost effectively customize your handrail cleaning capabilities.

For use on unobstructed handrails only.
